PROFESSIONAL SUMMARY

Full Stack Developer skilled in React, Node.js, TypeScript, MongoDB, REST API, GraphQL, OAuth, and JWT, with expertise in building scalable, secure, and enterprise-grade web applications. A detail-oriented and adaptable developer who thrives on solving complex problems and continuously learning new technologies.

WORK EXPERIENCE

Full Stack Developer

Jun 2025 – Apr 2026

B1G Corporation — Muntinlupa, Philippines

- Engineered a multi-tenant ordering platform with RLS-based RBAC, automated provisioning, and real-time inventory management using React, Tailwind, Shadcn UI, and React Query — scaling to 850+ clients, generating over ₱4M in revenue, and cutting processing time by 40%.
- Built a full-stack Asset Management System in TypeScript, Node.js, Express, MongoDB, and React featuring complete asset lifecycle tracking, real-time dashboards, and enterprise-grade security (JWT, CSRF protection, rate limiting) — achieving zero security incidents and zero reconciliation errors post-launch.
- Delivered the official B1G corporate website and an IT support layer with dynamic CMS, automated lead tracking via Google Sheets, and email delivery — eliminating all manual follow-up and achieving sub-second load times across all platforms.
- Developed a full-stack enterprise HRIS from scratch to replace a paid third-party system, managing 100+ employees and eliminating recurring software costs for the company. Built with React 18, TypeScript, PostgreSQL, and Supabase — featuring role-based access control, geolocation attendance tracking, leave/overtime workflows, real-time notifications, and advanced reporting across desktop and mobile

EDUCATION

De La Salle University - Dasmariñas

Jul 2025

Bachelors of Science in Information Technology, with Specialization in Web Development

GPA 3.48, Dean's Lister School Year, 2021 - 2022, 2022 - 2023, 2024 - 2025

SKILLS

Technical: Node.js, SQL & noSQL Database, Express.js, Git & Github, TailwindCSS, Rest API, GraphQL, MySQL, PostgreSQL, MongoDB, React, Typescript, Javascript, Python, Vite, Vue, OAuth, JWT, WebSockets. Supabase,

Soft Skills: Collaboration, Communication, Problem Solving, Adaptability, Time Management, Continuous Learning, Attention to Detail, Analytical Thinking

PROJECTS

Marcimetzger Assignment — React, Typescript, vercel

Developed a responsive real estate agent website for Marci Metzger of The Ridge Realty Group, showcasing property listings and agent credentials for a Pahump, Nevada-based realtor using modern web technologies (Next.js/React), deployed on Vercel.
